

THE BENEFITS OF BECOMING A CARBON FREE GROUP MEMBER

From small innovative product manufacturers, to large construction companies and community or public sector organisations, all Carbon Free Group (CFG) members benefit through being connected, and the opportunities for collaboration that this brings.

- **Client organisations** benefit through a ready, robust and highly innovative supply-chain
- **Designers** benefit from connection with client projects, and to the product suppliers that can implement their creations
- **Technical product companies and individuals** benefit from connection with a pipeline of projects on which to implement their solutions

OVERALL BENEFITS

- Solve challenges and create opportunities rapidly
- Access financial and management consultancy support to bring new and innovative low carbon products to market
- Get the strategic and financial advantages of rapid innovation
- Take advantage of a tax-efficient opportunity to innovate
- Be a pioneer, thought leader and influence a network of change-makers
- Satisfy shareholder, employee and people's desire for sustainable solutions, with all associated risk deferred away from the member organisation
- Gain access to, and the opportunity to work on, a wide variety of projects from construction and natural capital reporting to IT (Blockchain development) and energy infrastructure
- Have the opportunity to help influence policy and stimulate greater focus on low and zero carbon projects
- Gain competitive advantage through collaboration with other CFG members and the shared experience of projects

SPECIFIC BENEFITS

- New member consultancy meeting with CFG directors to identify group-wide opportunities and synergies for your organisation or product
- Membership provides access to £6,000 worth of professional legal documentation
- Discounted use of the multi-award winning Pines Calyx building in St Margaret's Bay, one of the UK's most sustainable buildings, for meetings or events
- Free attendance at CFG membership meetings and workshops
- Opportunity to sponsor and/or exhibit at specific CFG events
- Free attendance at all CFG networking events
- Access to other member organisations and the opportunities that this brings
- Additional CFG promotional or marketing opportunities as they arise

form from the link provided.*

MEMBERSHIP FEES

Membership of the Carbon Free Group is paid via an annual membership fee, based on the size and nature of your organisation. There is also a recommended charitable donation to the Calyx Research Foundation that can be claimed back against your organisations taxable profits. This donation is used to help fund new carbon free or sustainable innovations.
